Instructions for Submitting the Financial Verification Form

INSTRUCTIONS FOR FINANCIAL DOCUMENTATION

If you need an F-1 or J-1 student visa to study in the United States, UW–Madison is required by federal regulations to verify that you have sufficient funds on deposit for your tuition, fees, and living expenses. As such, you will need to complete the Financial Verification Form and submit it with proper financial documentation to the Office of Admissions and Recruitment. You must show sufficient funds on deposit for at least one year of study or we will not be able to provide you with the documents necessary to obtain your visa.

The financial documentation you submit must:

• indicate an account has sufficient funds for one year of study ($51,163 USD)
• be an official letter with a bank signature or stamp
• be written in English or be accompanied by an official English translation
• indicate unit of currency
• be dated within one year of initial enrollment at UW–Madison

You might want to obtain additional original financial documents to present them to the U.S. Consulate/Embassy when requesting a student visa, as well as to immigration officials when entering the United States. Submit one set of required financial documentation to our office at this address:
